Meeting Minutes March 2015

This was a business meeting held at the Byfield Library.

Peg posted to Facebook that her second hip operation was complete and that Peg was now in Rehab. **Get well Peg but don't push it!**

Weavers Tales

The meeting started with Margaret discussing the history of shuttles and showing some antique examples.
Kathie Kelleher followed up with a tip; some small plastic clips that she uses with her heddles.

Treasurer's Report

Vicki, our long time treasurer reported that at the end of the year we are still well in the black. Dues for next year's membership will be collected at next months meeting. $25 in cash can be put in an envelope with your name on it, or a check for that amount can be written to 'Vicki White'.

Officers for 2015/16

Many people came forward to fill jobs for next year but there are still some openings. Hopefully all positions will be filled by the end of April's festive meeting.

Future Events

Margaret reported that the **May** meeting will be a presentation on wheat weaving. The presenter will also be running the artisan show at the Unitarian Church this December 2015 and she has suggested that guild members might like to share a table to sell their works. This will be discussed at the May meeting.

Show and Share

The Show and Share table contained many beautiful works by several of our members! A drawing was done from names of people who have 'shown and shared' over the course of the year. Ted, Sandra and Vicki were winners receiving great gifts.

Presentations

In the last segment of the meeting Terry gave a presentation on **Librarything** and Ted gave a presentation on **access and use of the Nobo web site**.

Terry gave a live demonstration of **Librarything** including:

- Searching
- Tagging
- Signing Out

There was a brief discussion on the use of the **sign out** feature. Terry will consider using the sign out system to bring books members have requested to the next scheduled meeting.
Terry's handout is linked with these minutes

Ted's presentation included the **name** of the site, **viewing** contents and then how to **post** content including **adding images**. Members ability to **post** depend on the **role** of the member.
Ted's handout is linked to these minutes.
